# Our Services

*Our mission* is to work alongside our customer as a member of their team and not just as an outside service provider. We strive to help our customers be successful in their mission by matching their transportation needs with the best available solution for every shipment.

We leverage our combined 45 years of transportation experience with the industry's latest technologies to optimize our customer's logistics operations and support it with the very best customer support services available. We hold ourselves accountable to exceed your expectations in every service offered and we are not satisfied unless every customer has had a positive experience with our business.

We are a passionate team. We know what we're doing, and it is evident in the quality of our service. Our services include:

## **AIR & OCEAN**

If you're shipping goods internationally, we can get them delivered on time, intact and cost effectively.

## **INTERMODAL**

Show Me Intermodal transportation provides consistent service and a tremendous savings versus over-the-road.

## **LESS THAN TRUCKLOAD (LTL)**

If you have smaller shipments, our Less-Than-Truckload (LTL) service can save you money.

## **TRUCKLOAD**

Our diverse carrier relationships allow us to dependably handle your dry or refrigerated goods throughout the United States, Canada, and Mexico.

*We provide solutions that will take your company to the next level operationally, and at the same time increase profitability.*

#### **DEDICATED DISPATCH**

We take the back office management of your trucking company off your hands.

#### **MATERIALS MANAGEMENT**

We have the capacity to handle all your warehousing and storage needs.

#### **LOGISTICS CONSULTING**

We create supply chain solutions to meet the demands of an ever-evolving logistics industry.

#### **TECHNOLOGY SYSTEMS**

We help you streamline your operations through our industry-leading technology solutions.

#### **FREIGHT BILL AUDITING**

Our technology ensures that every freight bill is audited before carrier payment is made and the customer invoice is created.

*Show Me Logistics is your source for innovative supply chain solutions. We are big enough to supply any logistics service you need, but small enough to handle every customer's need on a personal level.*
